

To All Clients with Elderly Pets,

(Any pet over the age of 9)

Shelley requires a signed note from each client with an elderly pet, regardless of health, explaining what to do in case of an emergency or sudden decline in health while the pet is staying with us.

What we need:

- instructions regarding what measures (if any) we are to take to save your loved one
- an up to date list of emergency contacts who have consent to act on your behalf
- note must be signed, but can be typed or hand written

If you have any questions regarding this please feel free to send Shelley an email so she can explain in more detail. pamperedpetlodge@sympatico.ca
